16 GRIT ARROW SEGMENT - 35 x 20 x 10MM

Excellent for aggressive grinding and removal of coatings. Leaves surface with a superior finish for coatings to adhere to.

30 / 60 / 120 GRIT RECTANGLE SEGMENT - 40 x 10 x 13MM

For aggressive grinding. Used for first cut to reach desired level of exposure.

PCD SCRAPER

Most aggressive for removal of heavy coated floors with epoxy, waterproofing and high build glues.
