16 GRIT ARROW SEGMENT - 35 x 20 x 10MM

Excellent for aggressive grinding and removal of coatings. Leaves surface with a superior finish for coatings to adhere to.

30 GRIT RECTANGLE SEGMENT - 40 x 10 x 13MM

For aggressive grinding. Used for first cut to reach desired level of exposure.

60 GRIT OVAL SEGMENT - 35 x 17 x 11MM

Oval segment for second cut. For removing scratches from first cut.

120 GRIT BUTTON SEGMENT - 20 x 10MM

Round segment for third cut and grouting. Removes scratches from first cut.

PCD SCRAPER

Most aggressive for removal of heavy coated floors with epoxy, waterproofing and high build glues.
